- Pressure up to 800 bars
- Sealing for all rod materials including ceramics and HDC
- Large and still growing stock

With Hallite's new Armorlene® PTFE fluid power seal offering, we've expanded our portfolio again. Developed from their very own material and compound production, Armorlene® PTFE fluid power seals come in a complete range of product profiles, forming one of the most comprehensive collections of its kind in the industry.

*The best sealing system is  
determined by it's functionality.*
